## CAREER OBJECTIVE

---

Ambitious and solutions-driven Full Stack Developer with hands-on experience in Java, C++, C#, Spring Boot, React.js, ASP.NET Core, and MySQL. Leveraging a background in real-world projects like Atoms Unified Management Platform and Online Examination System, I am eager to bring my technical and problem-solving skills to a software development role where I can contribute effectively to dynamic, innovative projects and continuously grow within the technology space.

## PROJECTS

---

### Atoms: Unified Management Platform

*Duration: 2 Months*

Centre for Development of Advanced Computing (C-DAC), Pune

*Platform: HTML, CSS, JavaScript, ReactJS with Vite, Material UI, Spring boot, Spring Security, Hibernate, MySQL, AWS Cloud.*

- Atoms is a Unified Management Platform integrating Project Management and Examination systems.
- The Project Management System supports project creation, collaboration, roadblock resolution, and a comment system for teamwork.
- The Online Examination System allows easy creation, management, and assessment of quizzes with immediate feedback.
- The platform excels in integration, scalability, and security, offering a complete solution for diverse needs.

### Online Examination System

*Duration: 1 Month*

Independent Project

*Platform: HTML, CSS, Bootstrap, Razor Syntax, C#, ASP.NET MVC, MySQL*

- The Online Examination System is a web application with a responsive frontend built using HTML and CSS, and a scalable backend developed with ASP.NET MVC.
- It securely manages exam data, including questions and performance, simplifying the remote assessment process.
- Future plans include integrating AI-powered proctoring to enhance exam integrity.

## PROFESSIONAL EXPERIENCE

---

### Trainee

*Duration: November 2022 – March 2023*

Royal Food Stuffs Pvt. Ltd. Karad, Maharashtra

- Gained hands-on experience in **processing** and **packaging** of products.
- Ensured adherence to **safety** and **quality** standards during production.
- Assisted in **internal audits**, focusing on compliance and operational efficiency.
- Supported the **dispatching** process to ensure timely distribution of products.
- Participated in **quality control** activities to maintain product excellence.

## CORE SKILLS

---

**Programming Languages:** Java, C++, C.NET

**Frameworks Technologies:** Spring Boot, Spring Framework, Hibernate, ASP.NET, .NET Framework

**Web Development:** HTML, CSS, JavaScript, Angular, React

**Database Management:** MySQL, SQL, Oracle, Microsoft SQL Server

**Servers Tools:** Tomcat, Docker, Visual Studio, Eclipse, Postman

**Testing Methodologies:** Selenium, Manual Testing, Agile, SDLC

**Soft Skills:** Strong analytical problem-solving, teamwork, effective communication, time management

## EDUCATION

---

**Centre for Development of Advanced Computing (C-DAC)**

*Mar 2024 – Aug 2024*

Postgraduate Diploma in Advanced Computing

Specialized in software development focusing on Java, .NET, SQL, and full-stack application development.

**Dadasaheb Mokashi College of Food Technology, Rajmachi, Karad**

*Aug 2019 – Jun 2023*

B-Tech Food Technology

*CGPA: 8.10*

**Adarsh Vidyaniketan and Jr.college, Minche**

*Jun 2018 – March 2019*

HSC

*Percentage: 57.23%*

## CERTIFICATIONS

---

**Pre-CAT Certification:** Sunbeam Institute of Information Technology, Pune – Karad, 2023

## LANGUAGES

---

**English:** Professional working proficiency

**Hindi:** Native or bilingual proficiency

**Marathi:** Native or bilingual proficiency
